Description

The 420 Disaster Recovery Trailer is available in various configurations and layouts and offers great flexibility to ensure the trailer is set up and equipped for how you wish to use it. One of our standard configurations is set up as an information outpost. This configuration features an outdoor area covered by an awning where a screen can be mounted to display important information such as phone numbers, weather, news and evacuation information. The interior of the trailer features a fridge, small kitchenette, table and seating area and can be used to discuss information with individuals in a private and safe area. 420 DISASTER RECOVERY TRAILER The 420 Disaster Recovery Trailer is available in various configurations and layouts and offers great flexibility to ensure the trailer is set up and equipped for how you wish to use it. One of our standard configurations is set up as an information outpost. This configuration features an outdoor area covered by an awning where a screen can be mounted to display important information such as phone numbers, weather, news and evacuation information. The interior of the trailer features a fridge, small kitchenette, table and seating area and can be used to discuss information with individuals in a private and safe area.
