## Description

PRE ORDER NOW AND GET IN EARLY! STOCK ARRIVING IN 2024 The wait is finally over! The new generation of trucking is here, the all-new generation fully electric Ecanter is ready to order for 2024. Fuso Trucks are the pioneer of Electric Trucks to Australia and have been hard at work to bring you the new Generation of Zero Tail pipe emissions transport solutions. The medium battery version has an impressive 83KW of power in a LFP 2x battery pack, the vehicle can be charged with either AC or a DC Charger. The Warranty is 5 years 200 000km on the total vehicle with an 8 year 200 000km warranty on the High Voltage (HV) battery. Service intervals are every 30 000km or 12 months. The truck is packed full of safety features never seen before in a Fuso truck, making this the safest Fuso on the road today. The new cab is also impressive with LED lighting and a modern face lift both inside and out. Inside the cab you will expect to see a new ISRI seat, adaptive cruise control, active brake assist, active sideguard assist, hill start assist, lane departure warning, electronic stability, ABS, LED daytime running lights, intelligent headlight control and many more features. Fuso trucks are known for their reliability and durability, making them a great choice for businesses in need of a reliable vehicle. With longer service intervals, it means that the truck is at work more than most others, increasing its productivity and value. The tray is a local build Alloy tray which can be tailored to your requirements, the standard tray is 4500mm long 2300mm wide and has 300mm high dropsides. At our dealership we make purchasing a Fuso truck hassle-free and can even help with finance needs in house, saving you both time and money. \*\*Please note that due to factors outside of our control, such as change of factory promotions and cost, specifications, availability, and price may differ from the time of advertising. Photos in this listing may not be the exact vehicle and are used only for illustration purposes.\*\*
