## Description

The Kenworth T410SAR is a 6x4 configuration truck designed for on-road applications, featuring a PACCAR MX-13 engine with 510 hp, and the Eaton UltraShift Plus automated manual transmissions. It offers a spacious cab with a 2.1-meter width, excellent maneuverability, and visibility, combining the best aspects of cab-over and conventional trucks. The T410SAR also boasts improved engine cooling, simplified electrical architecture, and enhanced service access. This unit is ready to work complete with Tipper and trailer.
