## Description

The Develon DX19Z-7B mini excavator is engineered to deliver powerful performance in a compact, zero-tail swing design, making it the perfect choice for navigating tight job sites. Powered by a reliable Yanmar engine, this machine offers an operating weight of 1,995 kg and a bucket capacity of 0.05 m, providing the perfect balance of power and precision for utilities and commercial building construction projects. Its impressive digging reach of 3,810 mm and maximum digging depth of 2,180 mm ensure you can tackle a wide range of tasks with ease and efficiency. When you purchase the DX19Z-7B from DWL Machinery, you're not just getting a machine you're gaining a valuable partner. DWL Machinery is committed to providing outstanding local support, expert service, and a dependable supply of parts to ensure your equipment stays in peak condition. We pride ourselves on minimizing downtime and maximizing your productivity, giving you the confidence that comes with having a trusted team backing you up every step of the way.
