Description

2026 Variant 2004 F2 2000 kg Combi Trailer RFS
Box trailer. Machine ramp. Serious capacity.

A tandem axle Combi rated to 2,000 kg ATM. Keep the steel sides up for an enclosed box — tools, equipment, general freight. Drop the full-width integrated ramp and roll on large ride-on mowers, ATVs, quad bikes, or small machines. Up to 1,623 kg payload, with gas-strut-assisted ramp for easy solo loading.

Mechanical overrun brakes — self-regulating, no electric brake controller required.

Hot-dip galvanised steel chassis.
The protection is built into every seam and weld — not painted over the surface after the fact. Corrosion-resistant on the coast, the farm, or the job site, season after season.

Danish-engineered. RVSA 2023 compliant. Ready to register.
