Description

SEM HIRE Contact us for further information on availability and rates 1800 SEM HIRE bookings@semhire.com.au -----
----- The Morooka MST110CR is a heavy-duty rotating crawler carrier built for transporting and precisely placing large volumes of material across soft, muddy, steep, and challenging terrain. Powered by a 249 HP CAT C7.1 diesel engine and hydrostatic transmission, it delivers exceptional traction, stability, and productivity. With an 11,000 kg payload capacity, 16-tonne operating weight, 800 mm rubber tracks, and a 360-degree rotating upper structure, the MST110CR enables accurate material placement without repositioning, making it ideal for major civil construction, mining, forestry, and infrastructure projects. -----
