Description

FOR HIRE DEVELON DX10Z-7 1T TRACKED EXCAVATOR Contact us for further information on availability and rates 1800 SEM HIRE bookings@semhire.com.au _____ The DEVELON DX10Z-7 1T Tracked Excavator is a compact, zero tail swing mini excavator designed to deliver maximum performance in confined work areas. Ideal for landscaping, residential construction, plumbing, electrical work, demolition and rental applications, the DX10Z-7 combines impressive digging power with exceptional stability and operator comfort. Powered by a reliable Kubota D722 3-cylinder diesel engine, the DX10Z-7 produces 10.35 HP (7.6 kW) while maintaining low fuel consumption and quiet operation. Its hydraulically expandable undercarriage retracts to just 730 mm wide, allowing the machine to easily pass through gates and doorways, before expanding to 1,100 mm for outstanding stability on the job. Featuring a zero tail swing design, foldable TOPS canopy, ergonomic operator controls and smooth hydraulic performance, the DX10Z-7 is built for productivity where space is limited. The longer boom and arm provide increased digging reach and dumping height compared to the previous model, reducing repositioning and improving efficiency. With a digging depth of up to 2,205 mm and operating weight of approximately 1,165 kg, this machine punches well above its class. Key Features: 1.0T class zero tail swing mini excavator Reliable Kubota D722 diesel engine (10.35 HP / 7.6 kW) Hydraulically expandable undercarriage (7301,100 mm) Foldable TOPS canopy for easy transport and access Excellent lifting capacity and breakout force Longer boom and arm for increased reach and dump height Smooth, responsive hydraulic controls Rubber tracks for reduced ground disturbance Front dozer blade for backfilling and added stability Ideal for tight access construction, landscaping, utilities and civil works The DEVELON DX10Z-7 is the perfect solution for operators requiring a highly capable, easy-to-transport mini excavator that delivers big machine performance in the smallest of spaces. Combining compact dimensions, dependable reliability and premium build quality, it is an ideal choice for contractors, councils, hire fleets and owner-operators alike.
