Description

SEM HIRE Contact us for further information on availability and rates 1800 SEM HIRE bookings@semhire.com.au -----
----- The Morooka MST-600VD is a rubber tracked crawler carrier built for transporting materials across soft, muddy, steep, and challenging terrain with minimal ground disturbance. Powered by a 75 HP Kubota diesel engine and hydrostatic transmission, it combines strong performance with excellent traction and stability. With a 3,800 kg payload capacity, 4,400 kg operating weight, 500 mm rubber tracks, and low ground pressure, the MST-600VD is ideal for civil construction, infrastructure, forestry, and utility projects where conventional wheeled dumpers are limited. -----
