Description

2025 ISUZU FVZ 260-300 AT R46 – HEAVY-DUTY 6X4 WORKHORSE Built for serious Australian conditions, the 2025 Isuzu FVZ 260-300 AT R46 delivers the strength, performance and reliability required for demanding transport, construction, civil and vocational applications. Powered by Isuzu's 6.7L 6-cylinder turbo-diesel engine producing 300 HP (221 kW) and up to 981 Nm of torque, the FVZ is matched to a proven 6-speed Allison automatic transmission for smooth, effortless operation. KEY FEATURES 6x4 heavy-duty configuration 26,000kg GVM 36,000kg GCM 300 HP / 221 kW Isuzu 6.7L turbo-diesel engine Up to 981 Nm torque 6-speed Allison automatic transmission R46 wheelbase – 4,595mm Euro VI emissions technology Engine compression brake Electronic Stability Control Advanced Emergency Braking Full-Speed Adaptive Cruise Control Lane Departure Warning Lane Keeping Assist Traffic Movement Warning Traffic Sign Recognition Air-suspension ISRI driver's seat Automatic climate-control air conditioning Bi-LED headlights with daytime running lamps Heated and electrically adjustable mirrors MyISUZU Co-Pilot multimedia system Driver and passenger airbags ECE-R29 cab safety construction WHY BUY ISUZU? Isuzu has built a strong reputation in Australia for producing dependable trucks designed specifically for demanding commercial applications. The FVZ combines proven driveline technology, excellent driver safety systems and a heavy-duty chassis designed to get the job done day after day. The Allison automatic transmission makes the FVZ easy to drive in stop-start work and busy job sites, while the 6x4 configuration provides the traction and capability needed for heavy-duty applications. With Isuzu's extensive Australian dealer and service network behind you, you can have confidence that your truck is supported long after it leaves the yard. READY FOR WORK Contact us today to arrange an inspection, discuss finance and trade-in options, and put this Isuzu to work in your fleet.
