Description

The IVECO Daily 50C 180HP with 16m³ van body is a powerful and versatile transport solution designed for businesses that require strong payload capacity while maintaining ease of operation. One of the key advantages is that the vehicle can be driven on a standard car licence when configured at 4,495 kg GVM, allowing businesses to benefit from truck-level capability without requiring drivers to hold a heavy vehicle licence. This makes it an ideal choice for courier, logistics, furniture transport, and general freight operations. Powered by a 3.0L turbo diesel engine producing 180HP, the IVECO Daily delivers excellent performance, reliability, and fuel efficiency. The vehicle offers a large 16m³ cargo capacity with internal dimensions of 4680mm (L) x 1740mm (W) x 1900mm (H), providing generous space for transporting a wide range of goods. It also offers an approximate payload of 1,806 kg, helping businesses maximise load efficiency while staying within car licence requirements. The GCM of 7,995 kg allows additional operational flexibility, including 3.5 tonne towing capacity with a braked trailer, making it suitable for businesses that require both cargo space and trailer capability. Available in Hi-Business and Hi-Comfort cabin options, the vehicle provides a choice between practical commercial functionality and enhanced driver comfort. Built on a strong truck-style ladder chassis, the IVECO Daily 50C combines durability, capacity, and versatility, making it an excellent solution for modern transport and delivery businesses. Product Details

Price	\$91,490
Type	Dealer New
Year	2025
Odometer	14.0 km
Make	Iveco
Model	Daily
GCM	7995
Registration Date	N/A

Further Details

Engine Number	180EVIDFIC
Colour	WHITE
Badge	50C18V
Brakes	ABS - Disc
Engine Make	Iveco
Fuel Capacity	100
Fuel Type	Diesel
Gears Forward	8
GVM	4495
Condition	Excellent
Radio	NO
Stereo	YES APPLE / ANDRIOD PLAY
Transmission	Automatic
Air Conditioning	YES
Type Front	195/75 R16
Type Rear	195/75 R16
Drive	4x2
