Description

FUSO Canter 815 Dual Cab – Performance & Practicality Without Compromise The FUSO Canter 815 Dual Cab is built to deliver outstanding performance, reliability, and versatility in demanding work environments. Designed for operators who need to move both people and payload efficiently, the 815 Dual Cab is the ideal solution for councils, utilities, construction, and trade professionals. Powered by a strong and efficient turbo-diesel engine, the Canter 815 offers responsive acceleration, excellent torque delivery, and proven fuel efficiency, even under full load. Its robust chassis and well-balanced suspension provide confident handling and stability, whether navigating urban streets or rougher work sites. The dual cab configuration comfortably accommodates a full work crew while still allowing ample tray or body space, eliminating the need for multiple vehicles and improving job-site efficiency. Inside the cabin, the Canter is designed with driver comfort and practicality in mind, featuring an ergonomic layout, excellent visibility, and intuitive controls that reduce fatigue over long working days. Renowned for its Japanese engineering and durability, the FUSO Canter 815 Dual Cab is built to last, with low operating costs and a reputation for reliability that businesses can depend on. Backed by FUSO's extensive dealer network and support, it delivers peace of mind as well as performance. If you need a truck that works as hard as your team does, the FUSO 815 Dual Cab is a smart, dependable choice.
