## Description

FOR SALE: Brand New 2024 Iveco S-Way AT600 460HP 6x4 Prime Mover If you're chasing a modern, high-spec prime mover that stands out from the crowd, this Iveco S-Way AT600 460HP 6x4 is exactly that. Not a common sight on the road — and that's the advantage. You're getting European efficiency, premium driver comfort and serious linehaul capability in a truck that sets you apart from the usual fleet options. Purpose-Built Prime Mover (Linehaul Ready): This is a true highway prime mover, designed specifically for:

- B-Double work (up to 60T GCM)
- Linehaul & interstate freight
- Fleet or owner-driver operations
- Fuel-efficient long-distance transport

With its 6x4 drivetrain, air suspension and heavy-duty spec, this truck is built to handle full-time freight work — not just light duties. Truck Overview:

- Brand new 2024 model
- 6x4 Prime Mover configuration
- Wheelbase: 3,300mm (ideal for trailer setups)
- GVM: 27,600kg | GCM: 60,000kg
- Sleeper cab (Active Time cab)

Engine & Driveline (Where It Stands Out):

- Cursor 11 – 11L Euro VI turbo diesel
- 460HP (338kW)
- 2,150Nm torque @ low RPM (925rpm)

This is where the S-Way really shines — strong torque down low means:

- Better pulling power with loaded trailers
- Less gear hunting
- Improved fuel efficiency on long runs

12-speed Hi-Tronix AMT transmission

- Smooth automated shifting (great for fatigue reduction)
- Eco-roll + predictive drive for fuel savings

Performance & Capability:

- Rated for B-Double applications (60T GCM)
- Rear airbag suspension with ECAS
- Differential & cross locks for traction
- Engine brake + driveline efficiency systems
- Built for consistent highway work

This isn't just a truck — it's a dedicated freight solution ready to go straight into work. Safety & Technology:

- Adaptive Cruise Control
- Autonomous Emergency Braking (AEBS)
- Lane Departure Warning
- Electronic Stability Control
- ABS / ASR / EBS braking systems
- GPS Predictive Drive system

Cabin & Driver Experience: This is where the S-Way separates itself from most prime movers:

- Full sleeper cab setup (long-haul ready)
- ISRI air suspension driver's seat
- Climate control air conditioning
- 7" infotainment with Apple CarPlay
- Bluetooth, USB & voice controls
- Spacious bunk & storage

Designed to keep drivers comfortable, alert and productive over long distances. Why This Truck?

- Not a common unit — stand out from the standard fleet trucks
- Premium European driveline & efficiency
- Ideal for serious freight operators
- Ready to go straight to work

Why Buy From Auto Group?

- Trusted regional dealership
- Competitive finance options available
- Trade-ins welcome
- Transparent and professional service
- Ongoing servicing & support available
