Description

Combi Trailer 716 F3 Tip – 750Kg
Light hauler. Big versatility.

The 716 F3 Tip is the compact combi that does more than one job without asking for a dedicated vehicle to move it. Flat sides down, it is a flatbed. Sides up, it is an enclosed box. At 750 kg ATM it tows behind a standard family SUV, a single-cab ute, or anything with a standard 50mm ball. You do not need a tow vehicle upgrade to start using it tomorrow.

No brake controller. No wiring.
KNOTT mechanical overrun brakes self-regulate to your vehicle's stopping force. Hook up and go. No installation, no compatibility checks, no extra cost.

Hot-dip galvanised steel.
The protection goes on before assembly — into every seam, every weld — not sprayed over the outside after the fact. It will not rust in the yard between jobs or corrode at the beach.

Danish-designed. RVSA 2023 compliant. Ready to register.
Talk to us about what you are hauling and we will confirm this is the right fit.
