## Description

A flexible office The Environment Cabin (aka decontamination cabin) consists of two separate zones. Zone 1 is for storing dirty work clothes and contains cupboards, a hand basin and shower cabinet. Zone 2 resembles a standard staff cabin with cupboards and normal clothes storage, a living area and toilet. You can upgrade the cabin with mini kitchen, utility room and extra shelves. All Scanvogn cabins are customisable so if the standard solution isn't quite what you need, you can make your portable bathroom exactly the way you want it. There is a range of additional options that can be included. Similar to the 570 office, 570 staff and 570 pioneer cabins, The 570 is the biggest standard office unit that can be imported into Australia in a shipping container. Toilet Type This model comes equipped with our standard flushing toilet waste disposal. For people who have a connection to external water and drainage on site, then this is the toilet solution for you. The toilet works like a normal toilet in the home (but with disposal for extra reliability) and therefore feels natural and comfortable. We supply the toilet in an upright or wall-mounted version, and with or without visible pipes. If the pipes are hidden, the cabin is built with a technical compartment, for easy servicing of the toilet. You can choose to change the toilet type to any of our 4 toilet types including Vacuum and combustion. Or you can choose to have your portable office without a toilet for additional space. With water flushing toilet \$38,424 With toilet & grinder: \$39,159 Easy to use and clean The trailer is connected to a standard towbar and can be set up and ready in a few minutes. This makes it possible to move the unit from place to place quickly and efficiently without any hassle. The cabin is made of clean and durable materials, saving time for cleaning and maintenance. Scanvogn Model Name 3 person decontamination unit with water flushing toilet Model Number 1800052/1850053 Internal Dimensions 5596 x 2176 x 2100 mm External Dimensions 5700 x 2280 x 2900 mm Own Weight 1550 kg Total Weight 1800 kg Capacity 3 people Facilities Toilet, waste disposal, shower cabinet, 2 hand basins Refrigerator, coffee machine, notice board Fixed table 1100 x 690 mm, 4 chairs 2 fixed benches, 6 steel cupboards Windows: 1 1245 x 825 mm, 2 510 x 410 mm 2 towel holders, 8 coat hooks Elephant grate, free standing steps 3 radiators 30 L water heater LED light strip Electrical circuit panel
