State:	NSW
Suburb:	Erina
Postcode:	2250

Description

Universal Tilting Flatbed Trailer. Cars. Machinery. Pallets. One trailer.

The 2700 U4 tilts to load — hydraulic hand pump raises the bed, full-width rear ramp drops to the ground. Remove the aluminium dropsides for an open flatbed ready for plant, pallets, or wide machinery. Keep them up for a secure side-loading configuration. Rated to 2700 kg ATM with mechanical overrun brakes — no electric brake controller required.

Hot-dip galvanised steel chassis.
Corrosion protection is built into the structure at the weld, not painted on afterwards. No flaking, no rust — solid performance from coastal air, farm use, or job site exposure, season after season.

Danish-engineered. RVSA 2023 compliant. Ready to register.
